

2022 Georgia Quality Cotton Awards

Sponsored by

GEORGIA
COTTON
COMMISSION

Over 80% of U.S. cotton is exported to foreign mills that demand high-quality fiber. Georgia is the 2nd largest state in the U.S. in cotton acreage and production. The demand for cotton is improving, and the U.S. market share is increasing. The quality of Georgia cotton is increasingly important to the U.S. cotton industry. Both fiber quality and yield are important economic factors for profitability. Fiber quality premiums have been strong. The Georgia Quality Cotton Awards began in 2005. The main purpose of these awards is to recognize producers and ginners of high-quality fiber. The Award is administered by The University of Georgia Cotton Team and is co-sponsored by Bayer and the Georgia Cotton Commission.

Objectives

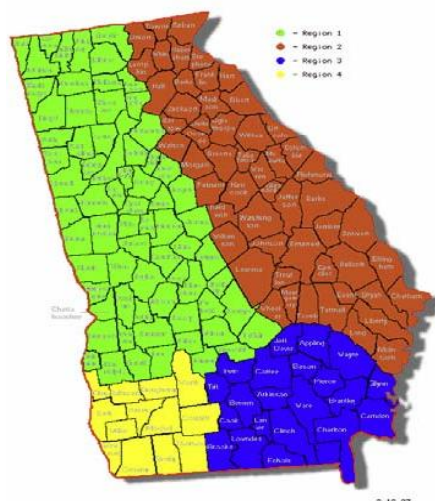

- Recognize the farmers and gins producing the highest quality cotton in Georgia.
- Identify management practices associated with the production of high-quality fiber.
- Publicize and promote the quality of Georgia cotton.

Advisory Committee

- UGA Cotton Team
 - Yangxuan Liu (Chair)
 - Phillip Roberts
- Georgia Cotton Commission
 - Taylor Sills
- Bayer GA Cottonseed Team
 - Lewis Grant
- Southeastern Cotton Ginners Association
 - Dusty Findley

Award Criteria

There are 12 producer awards. Awards are given in each of 3 cotton acreage categories within 4 regions of the state. The gin for each producer winner will also receive an award. The producer winner will be the nominee with the highest average Loan Value per pound of lint.

Awards will be presented for:
Category 1—Less Than 500 acres
Category 2—500 to 1,000 acres
Category 3—Over 1,000 acres

Nominations

County Extension Agents will contact gins within the county and encourage participation. The nomination form is also available online at:

www.ugacotton.com

Gin may nominate 1 producer in each acreage category—but more than 1 if that producer is from another region.

- The nomination must be for all cotton produced by the farm operation—irrigated, nonirrigated, owned, and rented.
- Nomination must include cotton from all gins. If ginned at more

than 1 gin, the Nominating Gin must be where the majority of the cotton is ginned.

- The County Extension Agent supporting the nomination must be from the county where the majority of the cotton is produced. Once the gin has identified its nominees, that agent should be notified, and the agent completes the bottom portion of the nomination form and submits it.
- The nomination must include the completed nomination form and all Bale Analysis Summary reports from each gin.
- To be considered, the nomination must have a total Loan Value above Base grade of 41-4/34.

Nominations must be submitted no later than February 15, 2023 to:

Yangxuan Liu
University of Georgia- Tifton Campus
2360 Rainwater Road
Tifton, GA 31793-5766
Phone: 229-368-3512
Email: Yangxuan.Liu@uga.edu
Fax: 229-386-3440

Presentation of Award

Producer winners will receive a plaque and \$500 cash award and the gin will receive a plaque. Producers, gins, and County Agents will be recognized during the Georgia Cotton Commission Mid-Year Meeting lunch on July 26, 2023 at Georgia Southern University Nessmith-Lane Conference Center at Statesboro, GA.
